Construction & Heavy Equipment

Fleet Management Solutions

Stay On-Time and On-Budget with Geotab

Construction operations are dynamic, with multiple job sites, diverse assets, and crew on-the-go. Geotab helps you track and maintain your construction and heavy equipment vehicle assets, and provides key data insights to help streamline your operations and maximize profitability. Track your heavy equipment, yellow iron, and powered trailers and assets with the IP67 rated GO RUGGED ruggedized telematics device for harsh conditions or external installation.

The Geotab Advantage

+ Complete visibility of workforce, assets, and costs
+ Track fuel usage & idling trends
+ Monitor engine hours & PTO usage
+ High-performance GPS technology
+ Advanced dashboard reports
+ Open platform for easy data integration
+ Marketplace apps & add-ons
